A CELEBRATION OF LUXURY, VALUE & TOWABILITY

Reflection's combination of luxury, value, and towability in one amazing package continues to exceed the expectations of our retail customers. Our industry leading pursuit of quality and commitment to building around the needs of our retail customers is what drives Reflection to the top of its class.
**ARCTIC 4-SEASONS PROTECTION PACKAGE**

**FULLY LAMINATED WALLS**
Sidewalls, rear wall, slideroom endwalls, and slideroom roof are all laminated construction with rigid foam insulation. Many competitors use soft fiberglass insulation in the rear wall and sliderooms that can settle over time and leave uninsulated air gaps.
† R-11 on bed slide models

**DOUBLE INSULATED ROOF & FRONT CAP**
A layer of fiberglass insulation and a layer of radiant foil insulation covers the full length of the roof. Grand Design goes the extra mile by extending both the radiant foil and fiberglass insulation layers from the roof, and wraps them all the way around to the bottom of the front cap.

**MAXIMUM HEATING POWER**
A high performance furnace and fireplace combine to deliver 40,000 BTU’s or more of heating power.†
† (Model Specific)

**MAXIMUM FUNCTION**
- Heated Holding Tanks
- Heated & Enclosed Low Point Drains
- Heated Utility Center & Storage Bay (FW only)
- 12 Volt Heat Pads on all Holding Tanks
- Dual Attic Vents
- Enclosed Gate Valves

**INSULATED GOOSENECK**
A layer of fiberglass insulation under the goose neck is a place often forgotten by others.

**HEAVY DUTY INSULATED BAGGAGE DOORS**

**Reflection’s design has been put to the test in extreme temperatures ranging from ZERO to 100+ degrees. Third party extreme cold testing showed that the Reflection remained functional and achieved very comfortable temperatures.**

**Note:** Testing was performed in a temperature controlled chamber, with temperatures ranging from -4°F to +101°F, and does not account for variables such as wind, humidity, and altitude. Due to the number of potential variables, temperatures reported during testing may differ from temperatures achieved during actual use of the unit in nature.
CONSTRUCTED TO A SUPERIOR STANDARD

**RACETRACK DUCTING**

True Racetrack Ducting extends past each AC unit to allow for uninterrupted airflow from the front to the back of the coach.

23% MORE AIRFLOW

 THAN AVERAGE OF LEADING COMPETITORS

These end loops in the ducting are essential for true "racetrack" movement.

**TYPICAL DUCTING**

Typical ducting provides partial airflow with less cooling efficiency and creates airflow collision in the center.

**RAISING THE BAR IN CUSTOMER SERVICE & WARRANTY**

**3 YEAR LIMITED STRUCTURAL WARRANTY**

Every Grand Design RV is backed with a class leading 3-year limited structural warranty.

**COMPONENT SUPPLIER WARRANTIES**

By selecting suppliers with similar philosophies, many components used on our coaches also carry an extended warranty through the component manufacturer.

- **AXLES (5 Years)**
- **EXTERIOR GRAPHICS (5 Years)**
- **ROOF COVERING (12 Years)**
- **TIRES (5 Years w/12 Month no questions asked replacement for manufacturer defects)**

**COVERS EXTENDED STAY**

Many of our competitors have fine print in their warranty excluding you from coverage if you are full-timing in your coach. You won't find fine print like that in Grand Design's warranty.

Thank you for taking the time to tour our coach.

We would like to share what sets Grand Design RV apart from all other RV manufacturers and why this difference is important to you.

My close friends and I were part of an ownership team at a travel trailer, fifth wheel company that grew to become one of the largest RV manufacturers in the world. While proud of this accomplishment, it became difficult to stay in touch with customers, employees, and ultimately the quality of the final product. It became obvious, there was a better way.

In 2012 we started a mission to build a better RV company. A company with a culture that desires a long-term, personal connection with customers, employees and dealers – that company became Grand Design RV. Our business model of doing the right thing has led us to many years of unparalleled growth.

At Grand Design we are customer centered and everything we do daily revolves around you. Our goal is simple – continue to lead the industry with quality, innovative products while striving to improve our customers’ RV experience before, during and after their purchase. We strive for nothing less than customers for life and I would be honored to personally welcome you to the Grand Design family.

Warmest Regards,

**LONG TERM VALUE**

Everything we do at our company is designed to build long-term value in what we offer our customers. “More features and superior value for your dollar.”

**CUSTOMER CENTERED**

Our focus, from the very first day we opened our doors, revolves around our customers. Your satisfaction is our future. GDRV4Life!

**STAYING CONNECTED**

Magic happens when the CEO and Senior Management actively work with the production facilities to help build the team and develop products.

**EXPERIENCED WORKFORCE**

Our local workforce has been hand-picked and has an excellent reputation for second-to-none industry craftsmanship.

**RAISING THE QUALITY BAR**

We put every Grand Design RV through a series of quality inspection gates during the manufacturing process. Once completed, the unit undergoes a comprehensive “final finish” inspection. At this point, most manufacturers ship their coaches to the dealer for retail sale. We aren’t most manufacturers. Every one of our coaches is moved to a PDI (Pre-Delivery Inspection) area where they are put through a rigorous 300+ point inspection checklist. It is only after this PDI that we certify a unit ready to ship to our dealers.

**MANUFACTURING FACILITY**

**SERVICE/PDI AREA**

**STEP 1:**

- Production Line
- Multiple quality checkpoints

**STEP 2:**

- Final Finish
- Comprehensive systems and quality checks

**STEP 3:**

- Pre-Delivery Inspection
- 300+ point inspection on every unit produced

**SUPERIOR SERVICE**

Anything built by humans that travels down the open road is subject to issues. It’s how those issues are addressed that makes Grand Design so special to our owners. Visit the independent owners page on Facebook (Grand Design RV Owners) and see for yourself. We take care of our customers after the sale. An informed customer will be a Grand Design customer!

**CLASS LEADING WARRANTY**

We back every one of our coaches with a 3-year limited structural warranty.

2019 Gold Award Winner in all 3 Categories!
