CONSTRUCTED TO A HIGHER STANDARD

ARCTIC 4-SEASONS PROTECTION PACKAGE

FULLY LAMINATED WALLS
Sidewalls, rear wall, slide room endwalls, and slide room roof are all laminated construction with rigid foam insulation. Many competitors use soft fiberglass insulation in the rear wall and slide rooms that can settle over time and leave un-insulated air gaps.

DOUBLE INSULATED ROOF & FRONT CAP
A layer of fiberglass insulation and a layer of radiant foil insulation covers the full length of the roof. Grand Design goes the extra mile by extending both the radiant foil and fiberglass insulation layers from the roof, and wraps them all the way around to the bottom of the front cap.

FIFTH WHEELS

DOUBLE INSULATED FLOOR
The heated underbelly features a layer of radiant foil insulation and the main floor another layer of fiberglass insulation. The slide room floors are also insulated with radiant foil. (R-24)*

FIFTH WHEELS

INSULATED GOOSENECK
A layer of fiberglass insulation under the gooseneck is a place often forgotten by others.

HEAVY DUTY INSULATED BAGGAGE DOORS

Note: Testing was performed in a temperature controlled chamber with temperatures ranging from 0°F to +10°F and does not account for variables such as wind, humidity, and altitude. Due to the number of potential variables, temperatures reported during testing may differ from temperatures achieved during actual use of the unit in nature.

MAXIMUM HEATING POWER
A high performance furnace and fireplace combine to deliver 40,000 BTU's or more of heating power.†

MAXIMUM FUNCTION
Heated Holding Tanks
Heated & Enclosed Low Point Drains
Heated Utility Center & Storage Bay (FW)
12 Volt Heat Pads on all Holding Tanks
Dual Attic Vents
Enclosed Gate Valves

CONSTRUCTED TO A HIGHER STANDARD

**RACETRACK DUCTING**
True Racetrack Ducting extends past each AC unit to allow for uninterrupted airflow from the front to the back of the coach.

![Diagram showing 23% more airflow than average of leading competitors]

These end loops in the ducting are essential for true "racetrack" movement.

**TYPICAL DUCTING**
Typical ducting provides partial airflow with less cooling efficiency and creates airflow collision in the center.

**RAISING THE BAR IN CUSTOMER SERVICE & WARRANTY**
Every Grand Design RV is backed with a class leading 3-year limited structural warranty. By selecting suppliers with similar philosophies, many components used on our coaches also carry an extended warranty through the component manufacturer.

**COVERS EXTENDED STAY**
Many of our competitors have fine print in their warranty excluding you from coverage if you are full-timing in your coach. You won’t find fine print like that in Grand Design’s warranty.

**3 YEAR LIMITED STRUCTURAL WARRANTY**
- **AXLES**: (5 Years)
- **CHASSIS**: (3 Years)
  (Main Steel Frame, Steel Frame Outriggers and Cross Members)
- **EXTERIOR GRAPHICS**: (5 Years)
- **ROOF COVERING**: (12 Years)
- **TIRE WARRANTY**
  (5 Years w/12 Month no questions asked replacement for manufacturer defects)

Thank you for taking the time to tour our coach.

We would like to share what sets Grand Design RV apart from all other RV manufacturers and why this difference is important to you.

My close friends and I were part of an ownership team at a travel trailer, fifth wheel company that grew to become one of the largest RV manufacturers in the world. While proud of this accomplishment, it became difficult to stay in touch with customers, employees, and ultimately the quality of the final product. It became obvious, there was a better way.

In 2012 we started with a mission to build a better RV company. A company with a culture that desires a long-term, personal connection with customers, employees and dealers – that company became Grand Design RV. Our business model of doing the right thing has led us to many years of unparalleled growth.

At Grand Design we are customer centered and everything we do daily revolves around you. Our goal is simple – continue to lead the industry with quality, innovative products while striving to improve our customers’ RV experience before, during and after their purchase. We strive for nothing less than customers for life and I would be honored to personally welcome you to the Grand Design family.

Warmest Regards,

President / CEO / Co-Founder

**LONG TERM VALUE**

Everything we do at our company is designed to build long-term value in what we offer our customers. “More features and superior value for your dollar.”

**CUSTOMER CENTERED**

Our focus, from the very first day we opened our doors, revolves around our customers. Your satisfaction is our future. GDRV4Life!

**STAYING CONNECTED**

Magic happens when the CEO and Senior Management actively work with the production facilities to help build the team and develop products.

**EXPERIENCED WORKFORCE**

Our local workforce has been hand-picked and has an excellent reputation for second-to-none industry craftsmanship.

**RAISING THE QUALITY BAR**

We put every Grand Design RV through a series of quality inspection gates during the manufacturing process. Once completed, the unit undergoes a comprehensive “final finish” inspection. At this point, most manufacturers ship their coaches to the dealer for retail sale. We aren’t most manufacturers. Every one of our coaches is moved to a PDI (Pre-Delivery Inspection) area where they are put through a rigorous 300+ point inspection checklist. It is only after this PDI that we certify a unit ready to ship to our dealers.

**MANUFACTURING FACILITY**

**SERVICE/PDI AREA**

**STEP 1:**
Production Line
Multiple quality checkpoints

**STEP 2:**
Final Finish
Comprehensive systems and quality checks

**STEP 3:**
Pre-Delivery Inspection
300+ point inspection on every unit produced

**OK TO SHIP**

**SUPERIOR SERVICE**

Anything built by humans that travels down the open road is subject to issues. It’s how those issues are addressed that makes Grand Design so special to our owners. Visit the independent owners page on Facebook (Grand Design RV Owners) and see for yourself. We take care of our customers after the sale. An informed customer will be a Grand Design customer!

**CLASS LEADING WARRANTY**

We back every one of our coaches with a 3-year limited structural warranty.

Grand Design RV was created in 2012 and founded by current CEO, Don Clark and brothers Ron and Bill Fenech (Representing over 80 combined years of experience in the RV industry).
