No other extended stay fifth wheel delivers the size and luxury of our flagship Solitude — earning a loyal following with its legendary quality and its effortless functionality. The all-new Solitude S Class delivers all the spaciousness, and elegant finishes to an even wider market. Our team of designers created industry-leading floorplans while maintaining the craftsmanship and elegance Grand Design owners have come to expect. (372WB shown)
The most spacious
EXTENDED STAY FIFTH WHEEL EVER BUILT!

THOMAS PAYNE COLLECTION

Power reclining theatre seating from the Thomas Payne Collection features LED illuminated cup holders with touch controls for the heat and massage functions. There are even LED light strips underneath the sofa that provide a soothing glow.

“SIGNATURE” WALL MOUNTED DINETTE

No center pedestal under the table leaves plenty of room for four to dine in comfort.

Includes four fully padded dinette chairs (two folding) with hidden storage under the seat.

Wall-mounted dinette not available on S-Class.

A luxurious kitchen with solid surface countertops, chef-inspired stainless steel appliances, residential fixtures, and hardwood cabinetry. (310GK shown)

The bath area has modern appeal with a large undermount sink, designer faucet, and generously sized shower with seat. (372WB/373FB shown)

Sleep well in the spacious master suite with plenty of storage space and your choice of a king or queen size bed. (372WB/373FB shown)
BUILT TO A HIGHER STANDARD

StepAbove® with Strut Assist
- Provides sure footing
- Adjusts for stability on uneven terrain
- 500 lb weight capacity

Easily Lift & Lower with One Finger

The Solitude has been third-party tested in extreme outdoor conditions. The heating and cooling system passed with flying colors—delivering comfortable and even room temperatures from cap to rear.

EXCLUSIVE!
SUPERCHASSIS
101” Wide-Body Chassis - A full 5” wider than many coaches in its class, the wide-body chassis allows for deeper slide rooms, wider sofas in rear-lounge models, and more livable floor space...all at a shorter towing length.

Wide-Rail Design - Our heavy-duty I-beam main rails are placed further outward on the chassis. A wider rail placement provides a more stable jack stance and allows for the slide room gear packs to be enclosed inside the frame rails providing increased protection.

BACKED TO A HIGHER STANDARD

Every Grand Design RV is backed with a class leading 3-year limited structural warranty. By selecting suppliers with similar philosophies, many components used on our coaches also carry an extended warranty through the component manufacturer:

- FLOOR DECKING (25 Years)
- CHASSIS (3 Years)
- AXLES (5 Years)
- ROOF COVERING (12 Years)
- TIRE WARRANTY (5 Years w/ 12 Month no questions asked replacement for manufacturer’s defects)
- EXTERIOR GRAPHICS (5 Years)

Note: Testing was performed in a temperature controlled chamber and does not account for variables such as wind, humidity, and altitude.
**MAXIMUM INSULATION**

1. **THERMAL ROOF DESIGN (R-40)**
   Fiberglass insulation and a layer of radiant foil insulation cover the roof. Grand Design goes further by extending both insulation layers the full length of the roof and around to the bottom of the front cap. To maximize the effectiveness of the insulation, a vented attic allows condensation to escape the roof structure.

2. **FULLY LAMINATED WALLS (R-11)**
   Sidewalls, rear wall, slideroom endwalls and slideroom roof are all welded aluminum framed and laminated with rigid foam insulation. Many manufacturers use wood framing and soft fiberglass insulation in the rear wall and sliderooms that can settle over time and leave uninsulated air gaps.

3. **TRIPLE INSULATED MAIN FLOOR (R-45)**
   The underbelly is lined with a radiant foil insulation barrier (Layer 1) and then covered with fiberglass insulation (Layer 2). The main floor enhances the R-Value with yet another layer of fiberglass insulation (Layer 3).

4. **RAIL-TITE UNDERBELLY SEAL**
   Rigid aluminum rails are fastened around the perimeter of the underbelly to keep the corrugated barrier up tight against the frame for a better seal from the elements.

5. **INSULATED GOOSENECK**
   Fiberglass insulation under the gooseneck is a place often forgotten by other manufacturers.

6. **1.5” INSULATED BAGGAGE DOORS**
   Rigid foam insulation lines the inside of our heavy duty baggage doors.

**MAXIMUM FUNCTION**

7. **40,000 BTU OF HEATING POWER**
   A high performance furnace and fireplace combine to deliver the heat.

8. **EVENFLOW HEATING SYSTEM**
   Vertically mounted heat vents are integrated into the cabinet bases. These vents push hot air from front to back (rather than straight up) and eliminate the need for floor vents that can collect dirt and debris, and are easily broken.

9. **HEATED UNDERBELLY & STORAGE BAY**
   Dedicated heat ducts run to both the underbelly and storage bay. 12-volt heat pads on each holding tank, and the enclosed utility center with low-point drains provide a functional water system – even in extreme cold.

---

**STEALTH A/C SYSTEM**

- **WITH UP TO 30,000 BTU OF COOLING POWER**
  Dual 15k BTU ACs (Solitude)
  15k and 13.5k BTU ACs (S-Class)

- **ULTRA QUIET**
  **Up to 2x quieter than the competition.**

- **AIRGUIDE TECHNOLOGY**
  Cool air is guided through the ducts and forced out of the vents for maximum cooling efficiency.

---

**TYPICAL DUCTING**
Typical ducting provides partial airflow with less cooling efficiency.

**RACETRACK DUCTING**
True Racetrack Ducting extends past each AC unit to allow for uninterrupted airflow from the front to the back of the coach.

*Because of our commitment to continuous product improvement, Grand Design Recreational Vehicles reserves the right to change components, standards, options, specifications, and materials without notice and at any time. Photos may show optional equipment which may not be included in the standard purchase price of the featured unit. Be sure to review current product details with your local dealer before purchasing. Rev 02.28.19*
Thank you for taking the time to tour our coach. We would like to share what sets Grand Design RV Company apart from all other RV manufacturers and why this difference is important.

Grand Design’s founders were part of the ownership and leadership team of the largest travel trailer and fifth wheel manufacturer in the world. While proud of this accomplishment, it became difficult to stay in touch with customers, employees, and ultimately the quality of the final product. It was obvious there was a better way.

In 2011, we started with a blank canvas to pursue that better way, a different way, than what had been done before. A company whose culture requires a long-term, personal connection with our customers, employees, and dealers – that company is Grand Design RV. Our business model of doing the right thing has led us to unparalleled years of growth.

**LONG TERM VALUE**
Everything we do at our company is designed to build long term value in what we offer our customers, “more features and superior value for your dollar.”

**CUSTOMER FOCUS**
Our focus, from the very first day we opened our doors, revolves around our customers. Your satisfaction is our future.

**STAYING CONNECTED**
Magic happens when the CEO and Senior Management actively work with the production facilities to help build the team and develop products.

**EXPERIENCED WORKFORCE**
Our local workforce has been hand-picked and has an excellent reputation for second-to-none industry craftsmanship.

**CLASS LEADING WARRANTY**
We back every one of our coaches with a 3-year limited structural warranty.

**RAISING THE QUALITY BAR**
We put every Grand Design RV through a series of quality inspection gates during the manufacturing process. Once completed, the unit undergoes a comprehensive “final finish” inspection. At this point, most manufacturers ship their coaches to the dealer for retail sale. We aren’t most manufacturers. Every single one of our coaches are shipped to a PDI (Pre-Delivery Inspection) area where they are put through a rigorous 288+ point inspection checklist. It is only after PDI certification that we deem a unit ready to ship to our dealers.

**SUPERIOR SERVICE**
Anything built by humans that travels down the open road is subject to issues. It’s how those issues are addressed that makes Grand Design stand out. Don’t just take our word for it, visit the independent Solitude owners page (Grand Design Solitude Owners) or (Grand Design RV Owners) on Facebook and see for yourself. We take care of our customers after the sale. An informed customer will be a Grand Design customer!

At Grand Design our goal is simple – continue leading the industry with quality products while improving the customer’s RV experience before, during and after the sale. We strive for nothing less than customers for life and we would be honored to personally welcome you to the Grand Design RV family!

Warmest Regards,

President / CEO / Co-founder

---

Grand Design RV was created and founded by close friends Don Clark and brothers Ron and Bill Fenech (Representing over 80 combined years of experience in the RV Industry).
